

Lockwood Folly Country Club
Newsletter
June 10, 2026

The LFCC Board would like to send out updates, information, and concerns to our membership. If possible, we plan to do this once a month to keep our membership better informed.

—***A Special Shoutout to the Membership - Memorial Day Priority Day Weekend*** turned out to be a huge success with the amount of outside play. On Friday and Saturday almost every tee time was booked with visitors. With raising the green fees with this holiday season, LFCC was able to help with planning for future expenditures. We appreciate our **membership** sacrificing their tee times for this short period of time!

—**Bill Nelson (BNI)** has completed the installation of the new driving range mats. He wants to fix a minor problem with the sprinkler system, add another topcoat of screened Cocina to the parking lot area, and add parking stops. Hopefully, we can open the mats for the huge tournament scheduled for Saturday.

Note: From January 1st through May 31st the pro shop has sold **\$16,695.00** in range ball rentals.

—Plans are in place to add a water cooler and a trash facility on the range next to the clock. One of our goals is to have a driving range that best fits the needs of our membership and visitors.

—We are excited to announce three (3) new members:

Tom Anderko	502 Genoes Pt
Danny Groundard	265 Clubhouse
Craig Robinson	498 Genoes PT

This brings our current membership to 149 families!

—Our **Maintenance Department** and **Les** feel strongly we need to aerify our fairways and tee boxes this month. When the dates are finalized, members can lift, clean, and place the areas that this work is being done on. Hopefully, we will have signs at the beginning of the holes.

—Doc has a few slots left for the Travel League scheduled at Shaftesbury Glen on Wednesday, June 17th. The first tee time is 9:20 am -, cost is \$47.00 plus tax. Give him a shoutout (317-440-5287) if you would like to play.

—With a balance of \$11,333.00 on our **Cart Path Fund**, work is scheduled to finish #5, and begin working on #2, #10, and #15. These improvements have been a “real shot in the arm” for

our facility. We have been working on this project for just six (6) months and what a difference we all have witnessed. **Once again, thanks to the membership and guests who have pitched in!!**

—A **Special Thank You to Larry Trotter** for all his planning and hard work he has given LFCC. Larry had enough foresight to redo the drinking area on #10: move the hot water heater and place the fountain in an enclosed area. This will really help during the ‘cold season.’ In addition, paint has been added to the cart drop off area, giving it the new spring look. Improving and maintaining LFCC is really a full-time job, but with members like Larry there is a **light at the end of the tunnel.**

Special Note:

As our members, residents, and guests, visit the Lockwood Folly Community they can't help but notice the new directional and information signs. A **special thank you** goes out to **Daryl Whisenant!** **Daryl** has exhibited a professional touch that enhances the ‘curb appeal’ in our neighborhood. The amount of funds he has saved the POA and LFCC is unbelievable.

We hope this Newsletter, over the years, has allowed our members to be more aware of the wonderful people in our community and the sacrifices they make to improve Lockwood Folly!
